Ansbach University of Applied Sciences

EnergyNext „Energy economics: experience, comprehend and act“

**During this seminar you have experienced the interconnections on the energy market,
made entrepreneurial decisions in the permanently changing and challenging environment
and analyzed the financial key figures of your company.**

Following consecutive scenarios were simulated:

Bigger is better? (2011 - 2015) • Change is the word! (2016 - 2020) • Sustainability for the future... (2021 - 2025)
